

ARCHITECTURAL SYSTEMS INC

GODIVA

Godiva, Multiple Locations
"Architectural Systems (ASI) has been an amazing resource for us in developing the new Godiva concept. The wood flooring that Linda Lombardi, (Formerly) Godiva's VP of Global Store Design and Visual Merchandising, discovered in ASI's showroom became the foundation of the design palette. We loved the combination of the ebonized wood and cream color cerused into the grain, which provided a delicious background for our chocolate store. We were challenged with sourcing this product internationally, but it wasn't a problem for Architectural Systems... they arranged for seamless, timely and affordable delivery to our job sites on two different continents!"
