

AXIS DISPLAY GROUP

JELD-WEN

For over 50 years, JELD-WEN has inspired people to build the best, be the best, and do the best. From small town Oregon millwork operation to leading global window and door producer, JELD-WEN has remained committed to raising industry standards through service, product quality, education, and community.
Since 2016, AXIS has worked with JELD-WEN on a variety of retail programs (see another here). To complement these efforts, AXIS was asked to participate in the design and development of the company's new HQ and flagship showroom. Located near Charlotte, NC, the multi-faceted structure serves many purposes. Traditional offices, meeting and conference rooms, classrooms, and a state-of-the-art training facility occupy a 120,000 sq. ft. building. About 40% of the first floor contains an interactive showroom featuring JELD-WEN products, vignettes, a gallery, and more.
See more on Jeld-Wen on our Website.
