HIGH-VOLUME HAND SANITIZER DISPENSER

In today’s globalized and germ-conscious society, frequent hand cleaning is a new social responsibility and the availability of hand sanitizer is now a standard expectation among consumers everywhere. As a pioneer in modern, design-forward solutions, B+N Industries immediately recognized the need for a dispenser that was aesthetically versatile enough to fit into a wide variety of public spaces and easy to maintain given high traffic demands.
With a sleek form factor, pleasing color palette, an upbeat logo (Mr. Drippy™), and all the customization capabilities and quality standards customers have come to expect from B+N, the High-Volume Hand Sanitizer Dispenser is one of the most exciting installments in our roster of products (and we aren’t the only ones who think that—the Dispenser won an Interior Design Best of Year Award in 2020).
See more on High-Volume Hand Sanitizer Dispenser on our Website.
