

CHANDLER

WHOLE FOODS MARKET

Chandler works directly with Whole Food Market décor team to design-engineer and build fixtures which support the visual direction for each store. The Whole Foods Market décor team incorporates historical, regional and cultural elements into each store and fixtures.
After working on more than 10 stores, in three different regions and design-engineering hundreds of fixtures, we have outlined a path to simply modify existing fixtures to match the décor of a new store. This semi-custom approach has allowed Whole Foods Market to move forward with their localization goals, meet their deadlines and reach their budget goals.
See more on Whole Foods Market on our Website.
