

## CREO INDUSTRIAL ARTS

### ARCHITECTURAL ENVIRONMENTS

The architects and designers that CR?O partners with are often tasked with enhancing otherwise bland building facades with a variety of architectural elements. Those enhancements range from tile murals and decorative grills to relief panels and column accents. Some have a more functional aspect, such as brick ties, awnings, or vent covers. Whatever it may be, if it's a custom architectural piece, CR?O has the expertise to build it.
