

D|FAB

DECORATIVE PARTITIONS & SCREENS

We help brands define interior retail, dining and public spaces with decorative partition and wall solutions. Our Decorative Partition Collection include screen panels made from perforated metal, wood products, acrylic and plastics.
Screens can feature your printed brand-enhancing graphics, or you can choose from our stock imagery. Prints are sealed for durability. Edge finishing and mounting hardware kits are included to provide a flexible and easy-up install solution.
We use a variety of material for screens and partitions that offer full view, semi-transparent and opaque. Screens can be freestanding counter and table top units, floor mounted or hanging.
D|Fab can create interior components to blend with interior spaces while providing the needed privacy, protection or spatial delineation for guests and employees. Give us a call to explore ideas and custom create your own envisioned interior partition.
