

DUGGAL VISUAL SOLUTIONS

NY JETS

Wide Format Printing
The league has been able to not only proceed with play safely, but also maintain its intensity and excitement despite mostly empty stadiums. Large tarps across the first six to eight rows check both boxes, keeping players, coaches and staff safe in those stadiums where small numbers of fans are allowed, while simultaneously masking the absence of large crowds for TV viewers. Additionally, the tarps create premium advertising and sponsorship opportunities.

Duggal Visual Solutions produced these large banners for the New York Jets, covering 40 sections of various sizes and totaling approximately 23,000 square feet in MetLife Stadium. Rob Krolick quarterbacked the Duggal team to meet the NFL's specifications for durable, vinyl mesh, heat-welded together and stretched drum-tight with pole pockets throughout the material. Go Jets!
