LEVI STRAUSS & CO

For the past 25 years, Dynamic has been a trusted partner for Levi-Strauss, surveying, installing, and maintaining over 1000 shops for Levi's and Dockers brands in every geographic market in North America. We have executed 300+ store graphic change outs, managed the renovation of flagship locations, and renovated showrooms for this iconic brand. In addition we handle the layouts and plan-o-grams for many of their shops.

We created one of the first web-based interactive reporting tools for Levi's, allowing them to manage the workflow and process of designing, approving and producing fixtures and displays for their in-store programs.
