PROJECT - HBC/SAKS FIFTH AVENUE LIGHT FEATURE, TORONTO, ON

DESIGN - HBC STORE PLANNING, DESIGN & CONSTRUCTION

ARCHITECT - BHDP ARCHITECTURE

GENERAL CONTRACTOR - NELNOR CONSTRUCTION

LIGHTING - LIGHTING NELSON & GARRETT INC.

BUILT BY - EVENTSCAPE, FEBRUARY 2016

A glittering grand light feature greets the visitors to the first Saks Fifth Avenue location in Toronto, located within the Hudson's Bay store. At 27 feet by 16 feet, the oval shaped fixture encircles the center structural column in the main entrance. The light feature is made up of 600 glass rods at varied lengths between 18 inches to 36 inches. Suspended from a mirror finished laminated backplate and secured with a combination of steel and polycarbonate components, each rod is internally lit with LED lights.
