

GONDOLA TRAIN

LINK 4 MOVING SYSTEM

The Link 4 Gondola Moving System is designed and configured to work with your current gondola shelving system. Its unique lift brackets are available for a variety of fixture brands and the “bolt-on” design permits a quick change between the fixture brands.
The Link 4 Gondola Mover reduces your costs while increasing efficiency during relocations, remodels, and resets of fully merchandised store shelving. Especially convenient for moving grocery store shelving or similar retail store shelves.
MOVING SYSTEM BENEFITS
• Wide transfer points help and assist in enhancing stability
• Product doesn’t need to be removed from shelving units
• Utilizes simple screw-type jack to control lift height
• 5” Non Marring Wheels
• Portable inventory control cabinet
