

GROTTINI

REGUS

Regus is part of a group of brands that offer global and regional workspaces and create the IWG network. These include Spaces, HQ, Signature by Regus and No18. Grottini Retail Environments, in collaboration with CONSTRUCTORS DE GMBH, has recently carried out the project of the new Regus space in Düsseldorf.
The project was designed by the architect Riccardo Stolzuoli in perfect post-industrial style, in which the common spaces are aimed at stimulating social interactions and become as similar as possible to private home with the utmost attention to the aesthetics of details and materials.
In this environment of sober Bauhaus elegance in which different types of workspaces alternate, Grottini has industrialized, produced and installed all the furnishings, from the reception to the meeting area, including rooms, booths, lockers, tables, waiting areas, community cafes and kitchen.
