HALLOWELL

FORT KNOX - WORKBENCHES

The Fort Knox Modular Workbench System
By combining our adjustable Rivetwell Shelving, Heavy-Duty All-Welded Cabinets, Workbenches and Locker/Drawer units we created a uniquely functional, yet durable modular workbench - shelving - locker - system providing numerous components to allow you to custom design your perfect workspace. Add more shelving, more drawers, more lockers and only use the units necessary to create the perfect workstation. Fabricated from heavy gauge steel and coated with a unique textured two-tone powder coat finish, the Fort Knox workbench system will stand up to the most demanding users. Our intelligent design allows each major component to be utilized stand alone or in conjunction with any of the other major components.
