H&M FLAG SHIP STORE

SCULPTURE FABRICATION FOR H&M FLAG SHIP STORE
Recently we designed and created two sculptures for H&M, firstly this large scale lettering, cnc cut from polystyrene, resin coated, gold chrome sprayed and installed in their flag ship store Regent Street, London.
The second project was also in line with their Christmas theme, a large cluster balloon, also cnc poly carved, with hand made geometric shapes in the same colour theme. Both models test modelled on our 3d printer.
