

MARVOLUS

PEG & HOOK SPINNERS

Wire peg displays are ideal for retail environments because they are lightweight, durable and very functional. A popular choice for impulse items, like candy and salty snacks, or any item that can hang from a hook. All of our peg displays feature 90-degree bends at the hook end in order to secure carded and hole-punched merchandise from falling off. Independently rotating tiers make it easy to load and browse your merchandise. Minor assembly is required: simply attach tube to base, slide tier onto tube at desired position, secure in place with cotter pin or clamp. All configurations are UPS-shippable, and include a sign header holder.
