

PRESTOP

SCAN KIOSKS

Let your visitors scan their invitation or entry ticket themselves, without an employee having physical contact with e.g. a ticket, letter or smartphone. With this system, the employee can see the status or information on his/her own monitor, while the visitor can see the necessary information on his/her own monitor. It is suitable as a check-in or access point at e.g. museums, cinemas and attractions. See more information at www.prestop.com
