

RTC

HIGHLIGHT OUTRIGGER

Easy to install and doesn't need to be moved every time shelves are reset.
Sleek overhead lighting that uniformly lights an entire gondola to enhance product presentation.
Uniform lighting
Spreads light evenly across the front face of a gondola, from top to bottom and left to right
Improved product presentation
Lights product at the front of the shelf, drawing attention to the section and improving the overall appearance and shopability of the product
Fast and easy installation
Easily attaches to gondola uprights, with no tools required, and plugs into a traditional outlet
Energy efficient
Outrigger consumes less energy than a conventional under-shelf lighting installation that utilizes multiple LED arrays
