LIDL

500 Milltown Road, North Brunswick, NJ

Through a complete interior fit-out and numerous alterations to the building's exterior shell, we were able to retrofit a new grocery store with integrated bakery, storage, and offices.

The project included wood panelling of the exterior, and the installation of 20 Miami cooler cases, along with overcoming logistical challenges of materials procurement during the peak of the Covid-19 pandemic. See more information at www.schimenti.com
