

SHOPFIT

PROJECT MANAGEMENT

We manage every on site aspect of your project, from merging products from various vendors to communicating with the delivery teams and finally to completing the installation of the complete program. We provide regular status updates to keep you informed of our progress.
Our team is dedicated to the success of your projects. We offer live personal account representatives and a national network of installers, service, and repair technicians. Additionally, our customer service team is available 24/7/365 to address any inquiries you may have.
We also train our in-house specialists to meet your program's standards. To ensure that your installations are complete and compliant, we provide digital photographs and videos of each completed installation.
See more on Project Management on our Website.
